

# UNDERWOOD

## Professional Practice

Underwood attorneys advise physician, dental, and other health care groups. In the business area, our attorneys assist medical professionals as they deal with federal tax, state tax, asset protection, and buy-sell agreements in connection with their groups. Our Health Care Law practice includes such areas as:

- Antitrust counseling and litigation
- Business organizations and contractual agreements
- Contracts
- Corporate compliance programs
- Corporate practice of medicine
- Environmental law
- Fraud, illegal remunerations, Stark law, false claims, and civil sanctions
- Home health agencies
- Health care confidentiality requirements
- Insurance and risk management
- Integrated health care delivery systems and networks
- Joint ventures, labor, and employment
- Legislative and administrative health care lobbying
- Long-term care and managed care
- Medical staff credentialing
- Professional licensure
- Physician practice group issues
- Real estate and construction matters
- Reimbursement
- Survey, licensure, certification, and grant requirements
- White collar criminal law
