UPDATE FROM UNDERWOOD LAW

We want to assure our clients that Underwood is constantly monitoring the ever-changing developments of COVID-19 Coronavirus. We are following recommendations from the Centers for Disease Control and Prevention (CDC) and all state and local health authorities.

We want to assure you that despite the constantly changing nature of this pandemic, all precautionary measures are being taken to protect the safety and well-being of our team members and our clients. Should the need arise, all our attorneys and staff can work remotely and securely. This is done to prevent any disruption in service to our clients. In addition, we have a business continuity plan which will lessen the impact of any possible interruption to normal business operations.

We are confident we can continue to provide the same quality service to our client, that you are accustomed to receiving. Our priority is the welfare of our clients, colleagues and staff.
